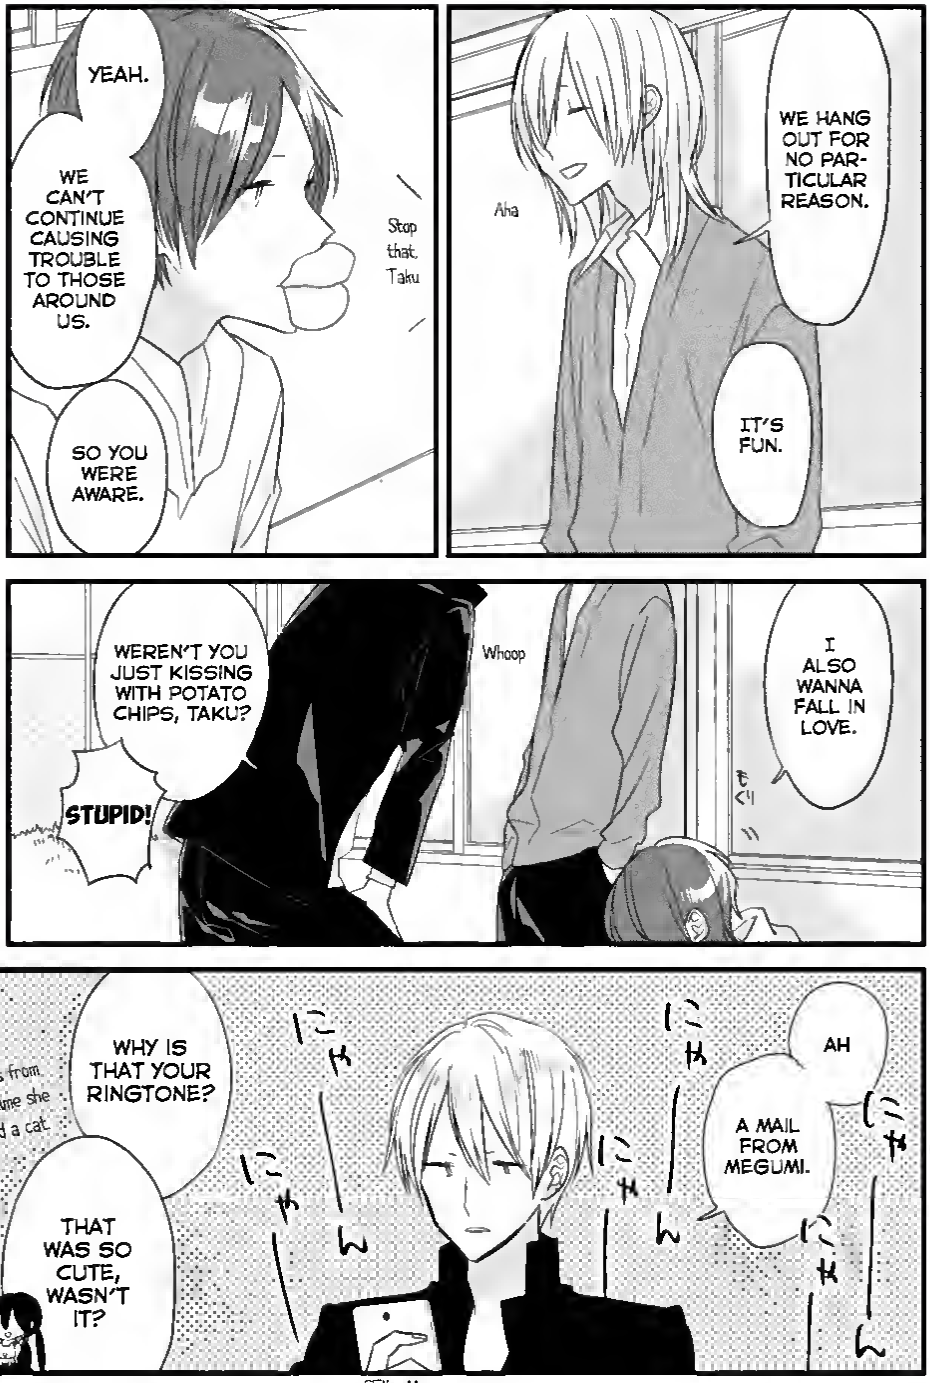
SOUSHI'S DATING A DILIGENT GIRL RECENTLY, RIGHT?
WE KNOW YOU LIKE THE INNOCENT TYPE.
BUT UP UNTIL NOW THEY WERE ALL INNOCENT-"LIKE".
SOMEONE WHO LIVES IN A DIFFERENT WORLD.
YEAH
MAYBE SHE'S NOT REALLY INNOCENT?
HAVE YOU EATEN HER ALREADY?
LEND HER TO US.
THAT'S SOMETHING I'LL
EHH, SO IS SHE A VIRGIN?
IS SHE CUTE?

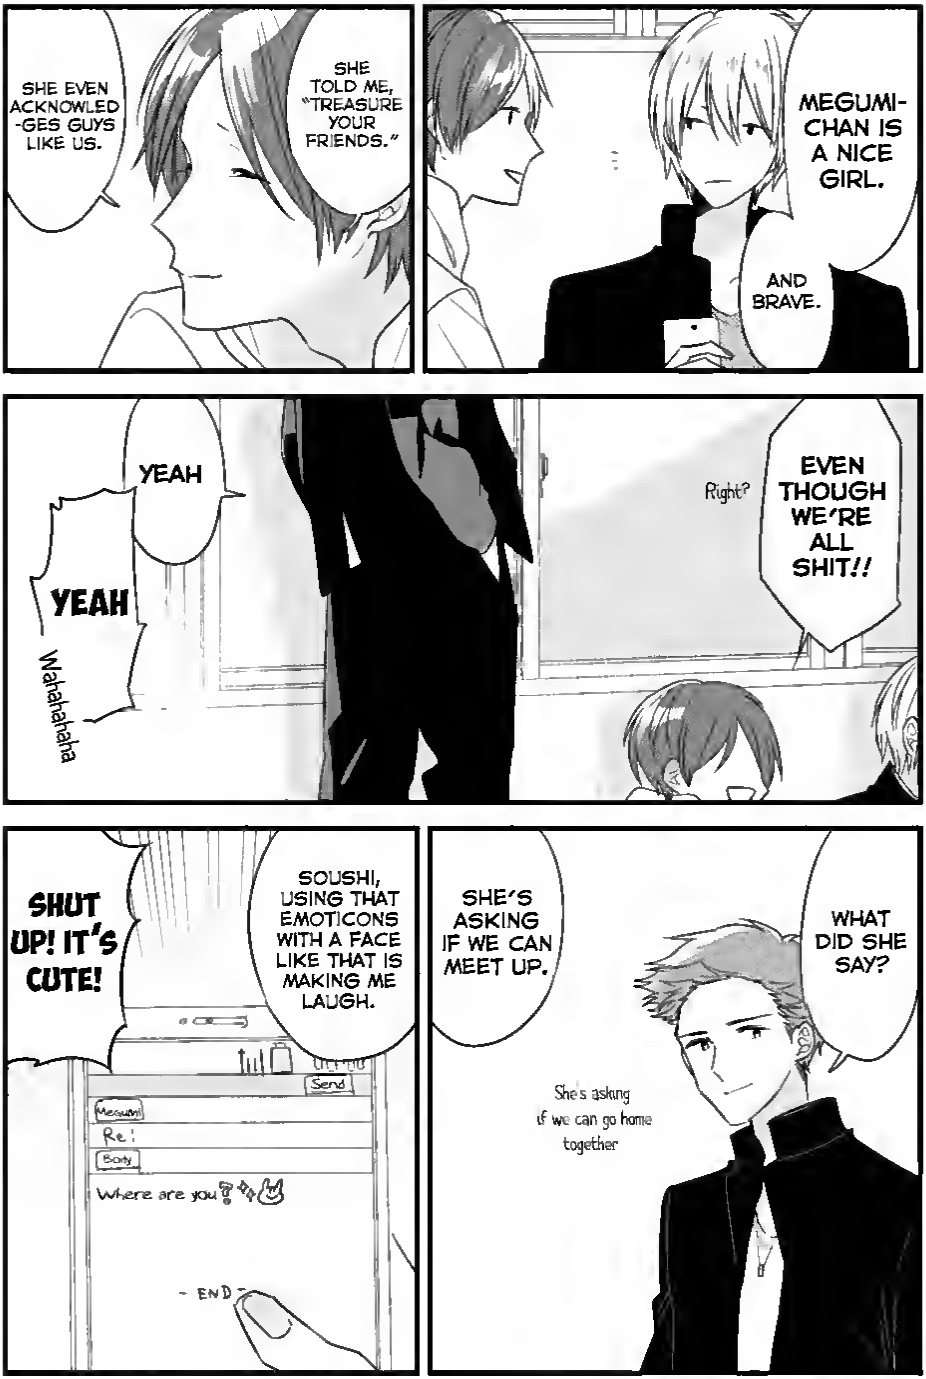
THAT'S SOMETHING I DEFINITELY WON'T DO.
MEGUMI IS DIFFERENT.
YEAH.
WE IMMEDIATELY SHARE GIRLS WITH EVERYONE.
YOU'RE NO FUN.
ISN'T THAT WHAT WE'VE BEEN DOING UP UNTIL NOW?
I'M NOT DATING HER WITH THE INTENTION OF BREAKING UP EVENTUALLY.
SHE'S DIFFERENT FROM THE PAST ONES.
I'M SERIOUS WITH HER.
AND SHE HASN'T GIVEN PERMISSION TO HER BODY YET.

SHE'S TOTALLY DIFFER-ENT.
I WANT US TO TAKE OUR TIME.
DON'T YOU GUYS DARE INTERFERE.
AN OLDER BRUNETTE GIRL.
You too, Tatsuki.
DON'T YOU ALSO HAVE A GIRL RIGHT NOW, RYOUHEI?
SHE'S SUPER CUTE!
I KNOW. I KNOW.
IT MEANS SOUSHI FINALLY FOUND SOMEONE HE REALLY LIKES.

I SEE.
YOU'RE RIGHT.
SORRY.
I'VE MESSED AROUND UP UNTIL NOW.
I SWEAR I WON'T MAKE HER UNHAPPY.
IT WON'T CHANGE EVEN IF SHE'S INNOCENT.
Right?
SEE, THAT'S JUST HOW IT IS.
IT'S BETTER SHE DOESN'T KNOW THAT FILTHY STORY.
Hey, lightly salted chips are yummy
AND MEGUMI-CHAN DOESN'T KNOW THAT.
WHO KNOWS?
I WONDER WHY WE'RE DOING THIS?
...THERE ARE THINGS YOU'RE BETTER OFF NOT KNOWING.



YEAH.
WE CAN'T CONTINUE CAUSING TROUBLE TO THOSE AROUND US.
SO YOU WERE AWARE.
Stop that, Taku
Aha
WE HANG OUT FOR NO PARTICULAR REASON.
IT'S FUN.
WEREN'T YOU JUST KISSING WITH POTATO CHIPS, TAKU?
STUPID!
Whoop
I ALSO WANNA FALL IN LOVE.
That's from that time she found a cat.
WHY IS THAT YOUR RINGTONE?
THAT WAS SO CUTE, WASN'T IT?
AH
A MAIL FROM MEGUMI.
SFX - Meow



SHE EVEN ACKNOWLED-GES GUYS LIKE US.
SHE TOLD ME, "TREASURE YOUR FRIENDS."
MEGUMI-CHAN IS A NICE GIRL.

Afterword

To first time readers, please to meet you!!! I'm Liberum
Imma write this by hand oraaa!!!

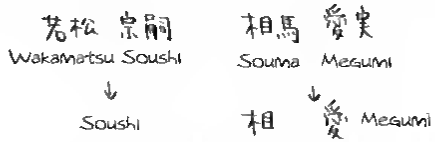
This is my first comic under KADOKAWA
Thank you very much for calling out to me.

To begin with, this manga was for a school work. A divine message saying, "Upload art once a week in pixiv"
I thought, "Eh. What do I do..? I've got a warm NL (normal love) story Let's upload that..." Everything started from a so-so pencil-drawn manga submission.
The people from my school must be surprised I am surprised

Let's reminisce Soushi Souai for a bit...
This was after my serialization was decided and a short time has passed after I informed the school I was doing my best with the once a week submission when I received a mail from my teacher "Why are you still uploading once a week? Do your best with your work." I received such a mysterious encouragement I've never seen a Tsundere like this before.

By the way, I hate drawing backgrounds to an extreme. But because I did my best with the backgrounds in the once a week upload task, I ended up drawing a lot of backgrounds again.
It makes me happy that the result is a manga with a nice atmosphere, but I'm cursing my past self.
In order to overcome something I'm not good at, there's no other way but to grasp it with physics I hate it

Regarding the characters, I wanted to go with the names Wakamatsu-kun and Souma-san no matter what, so I went with matching the title and character names I think there are people who have noticed



It becomes "Soushi Souai 相思相愛" with this, actually
soushi souai

But interestingly, Kikuchi-kun's (name has the character for pond) and Kawasaki-kun's (name has the character for river) names aren't related in particular If there's one thing, it'd be how they're both water-related.
Someone with the character for 'Sea 海' might appear It's not yet decided

It won't end with just one volume. The story will still continue
I am really grateful for that I will continue my diligence with this manga from now on.

You'd think this is the end, but actually there's another page. I'll be talking about anything I want.

I pulled an all-nighters for the desks in the cover and it became like this →

I rushed it like crazy. Do you want to kill me?

I revised it while laughing and crying.

Also, I've written this already in the cover flap, but I'm a super huge Kikuchi fan. I came up with that character gap in the rainy day chapter by myself, and I was happy while I was drawing him.

Kikuchi-kun likes the color red, and he dyed his hair red because it'd stand out. Personally, I had this image that red being the leader's color and being hot-blooded is perfect. Kikuchi-kun. Having your hair spiked is also a preference of mine. Cute.

Anyway, I thought gap is good so I also made his name 'Chihiro' sound cute. Cute. At first, I planned for him to be a character that doesn't talk much but he magnificently turned into one that talks a lot.

Maybe because there wasn't enough tsukkomi. Or maybe it's the boke that lacks. Kikuchi-kun doesn't have a childish personality. He behaves like an adult or maybe he's trying to act mature. I'm also a fan of that part of his.

Kikuchii!!! It's mee!!! Marry mee!!!!! (Big letters)

T/N - Same tbh

uh, what now I've used up the space..... NO GORILLA NO LIFE....

I totally forgot about it while I was writing.

By the way, the volume goes on sale on January 27th. My birthday is on the day before it.
I won't shamelessly ask for presents, but please do write and send me "Happy Birthday" greetings. I'll be waiting.
I'm planning on eating a whole cake on that day. I lied. I wanna eat a whole cake.

I'm sorry for my dirty handwriting. My hand is numb (excuse)
Even if it's not numb, my handwriting is still dirty

T/N - Seriously 눈_눈

To everyone who had been cheering for me since I was still uploading on pixiv,
To everyone who started reading this through the Gene Pixiv serialization,
To you who is currently reading this book,
To my editor, to Degaina-san, to my friends who encouraged me,
thank you very much. I am alive.

Let's meet again~☆

It'd be terrible if you draw Megumi like this.
Ugh
Eww What's with this art?
Don't come here!
You'll be drawn like shit
Megumi, don't come here!
Who the heck are you?
She already went home
Again, who the heck are you? Don't feed her!
I was gonna give her sweets though
What? She went home already?
